Hub Features

MPA Community Network

An online platform that brings the knowledge and tools for effective MPAs into one place, for managers, authorities, researchers and other stakeholders.

Everything you need to go from question to action: free, and no technical background required.

The Hub itself was co-created with the MPA Community of Blue4all.

Tools catalogue
A growing collection of tools with plain-language summaries, direct links and additional materials.

Search & filters
By topic, region, language and the Solutions Framework.

AI Hub Assistant
Ask in plain language, get the right tools in seconds.

Clear tool pages
What it does, why it's useful, plus community ratings.

Save & compare
From your personal dashboard.

Have a tool, method or dataset that could help other MPAs? Add it to the catalogue.

1. Create a free account and open Dashboard → Add Tool.
2. Fill in the guided form: five sections, with a built-in Guide, Glossary and progress bar.
3. Export & submit: your entry is reviewed and joins the shared catalogue.

Every contribution helps the community and keeps the Hub growing.
